**Registration Opens For The Pacific Coast Dream Machines
Show**

“The Coolest Show On Earth” Marks 28 Years

**Sunday, April 29, 2018 At Half Moon Bay Airport
Benefits The Coastside Adult Day Health Center**

HALF MOON BAY, CALIFORNIA (February 12, 2018) —
Registration is open for the **Pacific Coast Dream Machines
Show**, one of the west coast's biggest, baddest, most
fascinating gatherings of the world's coolest cars, trucks,

motorcycles, aircraft and assorted contraptions representing every era and style of wheeled wonders in history.

The spectacular 28th annual show will be held on **Sunday April 29, 2018**, a one-day mega-show, from 10 a.m. to 4 p.m. at **Half Moon Bay Airport**, located in the picturesque seaside town of Half Moon Bay, CA about 20 miles south of San Francisco.

There's nothing quite like this whimsical, fascinating, amusing, curious and absolutely unique show and tell spectacle featuring 2,000 magnificent driving, flying and working machines from the 20th and 21st centuries. The world's coolest cars of every era and style, model-T fire engines, vintage busses, custom motorcycles, tricked out trucks, sleek streamliners, one-of-a-kind antique engines and tractors and historic military aircraft will be among the mesmerizing displays.

Proud owners show up in cars that come in all shapes, colors and sizes. Spectators will get a rare up-close look at antique horseless carriages and Ford Model T's, fanciful touring and luxury cars, powerful sports cars, custom cars and street rods, muscle cars, vintage and modern era high-performance race cars, quirky art and pedal cars, modified street machines with cutting edge styles, exotic high-performance cars, stylish European cars, ultra cool low-riders, sporty compacts, modified imports with flashy graphics, fashionable hip-hop urban show cars, homebuilt

kit cars, super-charged turbo cars and trucks, “green” technology/alternative fuel vehicles, streamliners, dragsters, funny cars, gassers, and jet cars.

Hundreds of aviation wonders are expected to be on display — headlined by legendary vintage warbirds like the B-25 Bomber and C-47 Skytrain plus stylish homebuilts, classics from the '40s and '50s, sport and ultralight aircraft. Inspiring flyovers by some of our nation's most storied military aircraft promise to be a fan favorite — all flown in memory of the late Eddie Andreini Sr., world-renown aerobatics pilot, founding Dream Machines contributor and pillar in the Half Moon Bay community. Plus there's P-51 “Mustang Madness” — a spectacular display of America's premier World War II fighter along with YAK Russian fighters and an impressive array of L-39, T-6 and T-28 military fighters and trainers. Thrilling rides will be offered in helicopters and vintage bi-planes.

Among the special attractions this year are Bob Senz' Big Cacklefest (to honor the show founder) – a mass synchronized firing-up of the engines of all the magnificent machines on display (10am, 12pm, 2pm), spine-tingling vintage warbird flyovers (11am and 1pm), spectacular skydiving performances from the C-47 Skytrain with military style jumps by the experts at Precision Skydiving (11am), electrifying 4-rider freestyle motocross stunt shows (11:30am, 1:30pm, 3:30pm), a special display of legendary builder Jack Costella's Nebulous Theorem streamliners that

have set more than 100 land speed records, side-by-side unimotorcycle drag racing, monster truck rides, helicopter and plane rides, plus refurbished fly-wheel engines from the Early Days Gas Engine & Tractor Association and meticulously restored logging equipment and artifacts from Willits CA-based Roots of Motive Power.

The "DRIVE Magazine Dream Machine of the Year" returns with editors from Beckett Media's DRIVE Magazine on hand to select a winner from the thousands of magnificent machines on display. A special trophy will be awarded at a recognition ceremony during the show.
